

# God

name \_\_\_\_\_

## התבוננות Reflections

Write reflectively about your beliefs about God.

The diagram is a large circle divided into three equal sectors by three purple lines that meet at the center. The lines extend to the circumference of the circle. Each sector is associated with a label in a colored box:

- Top-left sector:** A green-bordered box containing the text "Things I am sure I believe about God".
- Top-right sector:** A red-bordered box containing the text "Things I believe are not true about God".
- Bottom sector:** A red-bordered box containing the text "Questions I have about God".

Words of wisdom:

## **אָמְנוּת** Art project: The God Collage

### STEP 1

Choose a word or phrase from each of the three sections on the previous page. Using pens, write each of the three words/phrases somewhere on your page, and in some relation to each other. Consider size (how big should each word or phrase be?); color (same color/different color, variety of colors, relationship of colors to each other); and placement on page. Should all the words/phrases be together? Where do you choose to use white space? Do the words/phrases work together to form a shape?

### STEP 2

After writing the words, decorate the rest of the page.
